

SEES 2019 Interns Tour NASA Johnson Space Center (JSC) and hear about science and exploration from SMEs

- SEES 2019 Interns visited JSC on July 22, 2019.
- NASA Astromaterials Subject Matter Experts shared NASA science and exploration with the ~65 participants. This included sharing a variety of Astromaterials samples, the Apollo lunar laboratory, the Space Vehicle Mockup Facility and more!
- The ISS Imagery & Moon SEES teams were toured around by their Astromaterials scientist mentors!
